

We are the
packaging people

*Manufacturers of PET
Bottles, CO-EX Bottles
& Tin Containers*

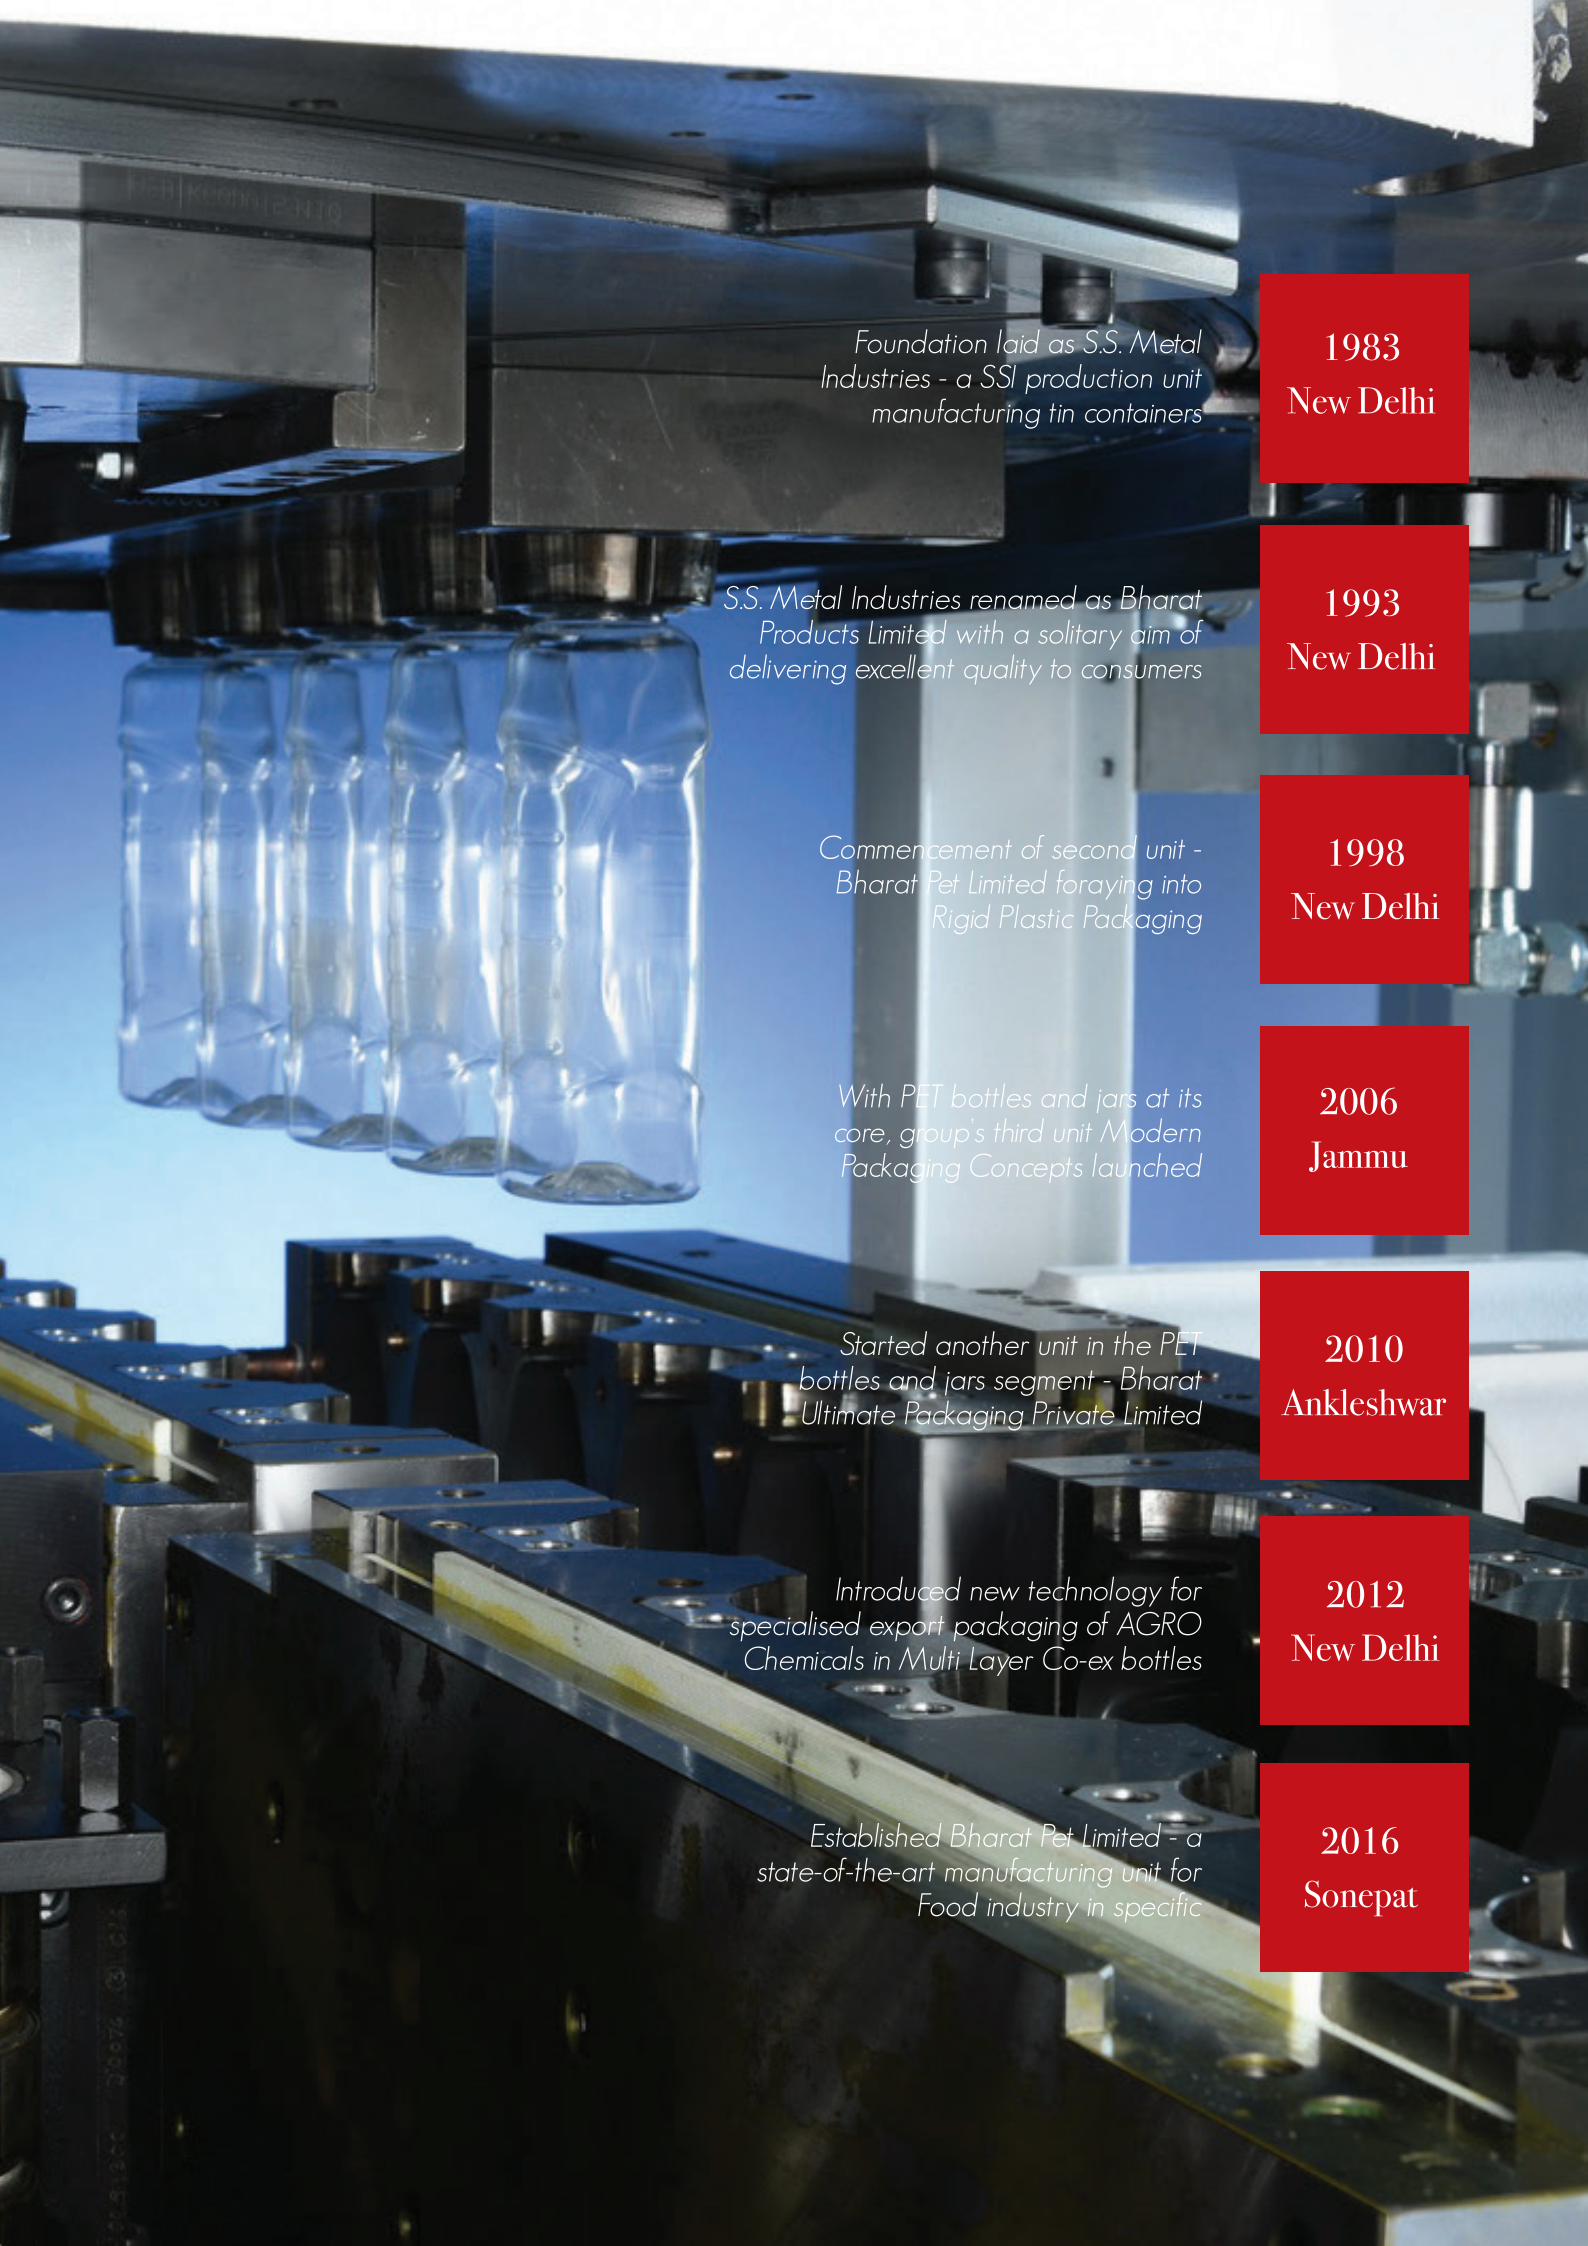

Our Story

Manufacturing packaging materials for almost four decades now

We are the packaging people and our story is one of innovation, determination and commitment. From beginnings in 1983 as S.S. Metal Industries making tin containers to a global name in Packaging industry, we have constantly pushed boundaries in our quest to be the best. The company is into manufacturing of packaging materials including Tin Containers, PET Bottles & Jars, Multi-layer Co-Ex Bottles and Caps & Closures. We have over the time, built a diverse product portfolio to meet the volatile needs of different consumer segments spanning more than 100 variants specialising in Agro, Pharmaceutical FMCG & IMFL (Liquor) industry. Throughout our 35 year old history, we have always invested heavily in research and development, keeping the company at the cutting edge of innovation which is evident in our design philosophy and operational efficiency. With almost 4 decades of a strong, consumer focused approach and a continuous pursuit for world-class quality, we today have unmatched expertise across technology, design and manufacturing. Every aspect of our business is distinguished by professionalism and high standards of corporate governance. We are truly a global and still a family owned company.

Foundation laid as S.S. Metal Industries - a SSI production unit manufacturing tin containers

1983
New Delhi

S.S. Metal Industries renamed as Bharat Products Limited with a solitary aim of delivering excellent quality to consumers

1993
New Delhi

2016
Sonepat

Our eclectic range of products features unmatched quality and cutting-edge designs, customisable to suit customer's aesthetic requirement and feasibilities. From 5ml to 10litres, we do all that you need.

PET Bottles & Jars

We manufacture all types of PET bottles, jars, caps and closures. Our three manufacturing facilities are dedicated units for the production of same. Innovation and Customization is core to this category. Production compliances ensure zero leakage, breakage and damage of product. The materials are supplied to Agro, FMCG and IMFL (Liquor) Industries.

CO-EX Bottles & Jars

This state-of-the-art multilayer technology is a revolution. Its elaborate features extend the strength and life of the product. Supported with zero degradation of material and zero leakage, it is a customer choice product. It is the best resistance to maximum solvents, hence it can be used for wide range of chemicals.

Tin Containers

We hold the highest market share in this category, supplying to the know hows of Agro industry across geographies PAN India. Our fully equipped manufacturing facility takes care from printing till fabrication of finished product. Furnished with latest printing machines from Crabtree (UK) we host fully automated tin top making line.

Clientele

Collaborating with companies globally, we aim at forging long term alliance with our partners

We are the packaging people and our story is one of innovation, The company hosts an extensive portfolio keeping in tune with the market scenario and customer needs. Our design methodology and execution processes make it viable to customise designs as per client requirement, making us a continual partner. Our clientele is an assortment of companies from Agro, Pharmaceutical FMCG & IMFL (Liquor) industries. Our valuable customer base which spans PAN India is an apt reflection of our commitment towards product quality and service. We stand strong with the highest market share in the Agro segment.

We are a global brand today. Our operations and expertise extends to various international markets. A sizeable portion of our production is exported to UK, Middle East and Europe. With the help of a committed exports division, we streamline our international operations efficiently and ensure minimum turnaround time on orders.
